

VETERANS AND MILITARY COALITION OF THE OZARKS

1440 State Hwy 248 Suite Q #243 Branson, MO 65616

NIXALL DISINFECTANT (EPA Reg. No. 92108-1-88098) is included on the list of products approved by the US EPA on the List N.

A New Generation of Disinfectant made by Seriously Clean, Ltd, a Nixa-based company, was officially cleared by the United States Environmental Protection Agency to be effective against viruses similar to COVID-19 on hard, non-porous surfaces. Therefore, Nixall Disinfectant can be used against COVID-19 when used in accordance with the directions for use against Norovirus and Rhinovirus type 16 on hard, non-porous surfaces. Refer to the CDC website at <https://www.cdc.gov/coronavirus/2019-nCoV/index.html> for additional information.

VMCO is excited to announce an affiliation with Nixall, a manufacturer in Nixa, Missouri that has developed a whole product line for your family, pets and facilities. This ingredient (hypochlorous acid) has been around since WW1, where it was used on soldiers' wounds and burns. Nixall Disinfectant has been used in hospital environments, meat processing environments. Nixall® Disinfectant is a hospital grade product that kills labeled pathogens including HIV, C-diff, MRSA and other labeled pathogens. Please refer to their website (www.nixall.com)

"A New Generation of Health for Your Family and Your Pets."

The Nixall Cleanser has very low toxicity and a great alternative to the harmful chemicals. There is also a wound solution product for minor abrasions, cuts, burns, skin irritations, bug bites, rashes, and intact skin (dry skin). Spray the First Aid or Wound & Skin Solution directly on the skin or wound and it helps accelerate the healing process.

Nixall VetResponse products work on horses, dogs, cats and the Deodorizer even removes skunk odor.... Just to name a few. Please refer to their website to read testimonials.
